VSP Signature Treatments

The VSP Facial £65

This facial is made for you. We listen to what your skin is telling us and use the machines and products that we feel your skin is asking for.

The VSP Beard Facial £65

For your favourite beard (and the face beneath it). This treatment deep cleanses and moisturises the beard and face, promoting beard growth and healthy skin.

The VSP Cryo-Facial £65

This treatment uses cryo technology to stimulate collagen production, tighten the skin, shrink the appearance of pores, calm irritated skin and increase natural radiance.

The VSP LED Facial £55

Our LED Facial is tailored to your skin concerns and can be useful for targeting signs of ageing, acne and scars through eliminating bacteria and encouraging the stimulation of collagen and elastin

The VSP Laser Resurfacing Facial £55

This resurfacing treatment works on the top layer of skin to tackle specific skin concerns such as signs of ageing, fine lines and wrinkles, blemishes, acne scars and other skin irregularities.

The VSP Peel £85

The peel made for you. This treatment uses peeling agents to assist with addressing skin concerns such as signs of ageing, pigmentation, acne scars and other skin irregularities.

Facials

Facial are a perfect way to relax whilst giving your skin a boost. Regular facials are advised to keep skin healthy and hydrated. We use Dr Schrammek, pHformula, Bio:Vegane and IMAGE products and use vacuum suction, galvanic and high frequency machines to enhance the effects of your treatment. You may choose from the following facials or ask our specialists to pick the most appropriate one for your skin!

Hydrating – Anti-Ageing – Clarifying – Damage Repair – Brightening – Sensitive – Optimum Health

Cryo-Stimulation

These treatments are used by manual workers, office workers and sports people alike. Cryo-stimulation involves introducing the body to sub-zero temperatures to assist with alleviating body pain, encourage faster healing and energising the body. Cryo-stimulation also has various benefits for the skin including increased collagen production, which can reduce signs of ageing. Studies have indicated that cryo-stimulation can increase your metabolism and assist in weight loss.

Whole Body Cryo-Sauna

This treatment plunges the body in to temperatures of -150c, which triggers the release of endorphins and anti-inflammatories to relieve pain, promote healing and to provide the ultimate burst of rejuvenation, energy and refreshment.

1 session: £85 6 sessions: £70 each 8 sessions: £50 each

Local Cryo-Stimulation

Cryo-stimulation can be used to alleviate specific body concerns such as swelling, pain and soreness. It can be used to accelerate healing and reduce pain in localised areas.

1 session: £40 6 sessions: £30 each 8 sessions: £20 each
